Rutland Town Report 1983

This issue is being dedicated to a life-long resident of the Town of Rutland, namely, Sherwin L. Williams.

A quiet, reserved man, Sherwin started serving his Town as an Air Raid Warden in the Days of Civil Defense during World War II.

He was Town Auditor for the years 1942 and 1943.

He served as a Selectman from 1943 through 1949.

He was Town Moderator from 1969 through 1973.

He has been a Cheney Hill Cemetery Commissioner for over 20 years and last, but not least, a Town Justice of the Peace for over 30 years.

With all of the above, he and his lovely wife, Elrena, find time to operate the well known vegetable-producing Williams Farmstead.

All of us in the Town, Sherwin, wish you many more years of health and happiness.

## AUDITORS' REPORT

The Honorable Board of Selectmen

In compliance with Sub-Chapter 5, Chapter 51, Title 24, Vermont Statutes Annotated, we have examined the records and accounts of the Town General Fund and associated funds as of December 31, 1983.

In our opinion, the accompanying financial statements as adjusted, present fairly the financial position of the Town at December 31, 1983, and the results of their operations, and changes in their financial position for the year then ended.

Your auditors reviewed the accounting controls of the Town Treasurer's Office and utilized accepted auditing procedures as provided by the State of Vermont.

We have done verification with citizens regarding their unpaid taxes as of January 17, 1984.

The Selectmen employed A. M. Peisch & Company to develop a proving routine for the computer accounting system which will enhance its value to the Town.

We thank the Town Treasurer, the Assistant Treasurer, and the Board of Selectmen for their cooperation and support in assisting us in the examination of the Town Records.

Respectfully submitted

BOARD OF AUDITORS  
 Joseph A. Surething,  
 Chairman  
 Jacqueline Abbey  
 Richard F. Romano

## SELECTMEN'S REPORT

The Board of Selectmen wishes to extend our thanks to the many voters who were instrumental in helping ratify the Inter-Municipal Sewer Agreement. Negotiations for sewer services have been ongoing for many years and with concessions on the part of both Town and City, we now feel that we have a very workable contract. Passage of this Agreement has already brought about inquiries from parties interested in locating in Rutland Town and by having this Agreement, it should be so much easier to promote industrial and commercial development.

Our Highway Committee should have a busy 1984 with all we have planned. Along with the routine maintenance of our roads, we are looking at a major construction project on North Grove Street. Commencing just north of the Rutland Country Club Bridge, we will be relocating the road bed, ditching and installing a drain system. State Funds will play a big part in this project and it should bring about a much safer condition in an area we always felt was badly in need of upgrading.

The Rutland Town Landfill has worked out well and from the State Reports it would indicate we are doing an excellent job at this site. With regard to the Landfill, your Board of Selectmen and the Planning Commission will be negotiating a contract with Vicon Recovery Systems in 1984 relative to their processing our refuse. It is all very preliminary at this time, but as we progress, we will be keeping the Townspeople posted.

In reviewing the Town Report, you will notice that our Recreation Commission had a very successful 1983. During the coming season, we will be finishing off two new ballfields at the Northwood complex and will be looking for voter approval to do some major improvements at Dewey Field. I am sure many of us enjoyed the facilities at both sites this past season and so hope that more of our Townspeople will take advantage of the various programs.

Our Planning Commission has had an exceptionally busy year compiling our new Zoning Regulations. The first draft is complete and being approved by the Selectmen. Upon review of both the Selectmen and the Planning Commission, we will be in a position to hold Public Hearings and, hopefully, go to the Townspeople in early summer for voting.

Once again, our Fire Department has done an excellent job and we do want to thank all the members for their dedication to our Town. Our Center Rutland Station is sporting a new pumper and from all reports, it is a piece of equipment we can be very proud of. We will be doing some roof repairing on the Center Rutland Station this year which is certainly overdue. There has been minor water damage, and we feel that the funds expended now should prevent more serious problems.

We would like to welcome our new commercial establishments and industry to Rutland Town and wish them much success in the years ahead.

Respectfully submitted,  
ROBERT W. SOLARI, Chairman  
Board of Selectmen

## RUTLAND TOWN WARNING

The legal voters of the Town of Rutland are hereby warned to meet at the Rutland Town Elementary School on Post Road on Monday, March 5, 1984 at 7:30 P.M. to act on Article 24.

### — NOTE —

A person who owns, or keeps a dog more than six months old shall annually on or before April 1 cause it to be licensed and shall pay \$4.00 for each neutered male or spayed female dog, \$6.00 for each male dog and \$8.00 for each female dog. If the license fee for any dog is not paid by April 1, a 50% penalty is added.

Before a person shall be entitled to obtain a license for a spayed female or neutered male dog, he shall exhibit to the Clerk a certificate signed by a duly licensed veterinarian showing that the female or male has been sterilized.

Before obtaining a license for a dog six months of age or older, a person shall deliver to the Town Clerk a certificate or certified copy thereof signed by a duly licensed veterinarian, stating that the dog has within 24 months been vaccinated against rabies with a vaccine approved by the Department of Agriculture. The Town Clerk shall keep the certificates or copies thereof on file.

DOG TAGS ARE AVAILABLE NOW! PLEASE COME IN AND AVOID THE RUSH BEFORE APRIL 1st. THANK YOU!

## AUDITORS' REPORT

The Honorable Board of School Directors.

In compliance with Sub-Chapter 5, Chapter 51, Title 24, Vermont Statutes Annotated, we have examined the records and accounts of the Town School District as of June 30, 1983.

In our opinion, the accompanying financial statements present fairly the financial position of the School District at June 30, 1983, and the results of their operations, and changes in their financial position for the the year then ended.

Your auditors reviewed the accounting controls of the Town Treasurer's Office and utilized accepted auditing procedures as provided by the State of Vermont.

We have done verification with citizens regarding their unpaid taxes as of January 17, 1984.

The Shawmut Bank of Boston was also contacted and their records agree with the School District's as to the building bond outstanding balance of \$60,000 as of June 30, 1983.

We thank the Town Treasurer, the Superintendent of Rutland Central Supervisory Union, the Business Manager of Rutland Central Supervisory Union, and the Board of School Directors for their cooperation and support in assisting us in the examination of the School records.

Respectfully submitted,

BOARD OF AUDITORS  
Joseph A. Surething, Chairman  
Jacqueline Abbey  
Richard F. Romano

## ANNUAL REPORT OF SCHOOL DIRECTORS AND ADMINISTRATION TO RUTLAND TOWN CITIZENS

This year two new members have joined the School Board, Russell Melocik and Norman Cohen. They are replacing Robert Johnson and Gene Poplowski who retired after years of public service to the community.

As a result of the first year's publication of the Rutland Town School newspaper, "The Post," we hope that you have become better informed about the many motivating and educational activities that take place at the school. We hope to publish six editions of "The Post" next year.

We would like to add our congratulations and thanks to Mrs. Stella Boudreau, who was recognized by the Vermont Education Association and the National Education Association for her outstanding service to public education. For the past six years Mrs. Boudreau has been donating her mornings to help first graders at RTES. Mrs. Boudreau was first recognized by the Rutland Town Education Association for giving her faithful service to the children of our community. Her efforts, dedication, and love of children has truly made her a friend of education.

For the second year we have had a daily, continuous K-8 Reading Program for all students. Our students' reading skills continue to improve.

Presently, we are in the process of revising and updating our K-8 English curriculum. We hope to select a new English text by the end of this year and plan implementation by the 1984-85 school year.

We are also developing a computer philosophy and curriculum. According to the proposed public school approval standards, schools should provide all students with the opportunities to use microcomputers as part of the regular curriculum. We want our students well prepared to use computers to accomplish their curriculum objectives. Word processing, instructional software, communications, programming, calculations, how a computer works, and the impact of computers on society will all be part of this proposed course of study.

This fall we held a Career Day for all 6-8 graders. Many members of our community volunteered an afternoon to help inform students about the pros and cons of their careers. We hope to hold another Career Day in the spring.

During National Education Week we held an Open House at which over three hundred parents and grandparents visited the school and watched classes in action. Over one hundred parents ate a turkey dinner with their children. This high level of community involvement and interest can only help to improve our school.

Through the efforts and organization of our music teacher, Mrs. Reeta Coughenour, we have purchased a new piano that was paid for totally with contributions. The Rutland Town PTO, the Rutland Town Band Boosters, Rutland South Rotary, and the Marble Valley players all con-

tributed. We would like to thank Mrs. Cougnenour and the organizations for their generosity. The piano was needed very badly and is a fine addition to our music program.

Recently we hosted the District Junior High Band Festival. One hundred and eighty music students gathered at the school for two days of intensive practice. An outstanding concert was given on Friday evening to three hundred people. Nineteen RTES students took part in the festival.

In March, 1984, for the very first time, the Supervisory Union will sponsor a Junior High Science Fair to be hosted by the Proctor School District. The objective is to prepare the students for the State High School Science Fair and to stress science in our school.

Still focusing on the junior high students, a play COMING OF AGE, a musical drama about being thirteen years of age will be presented in the spring.

Presently, we are having an engineering analysis done on energy consumption and our heating system. Although the town has approved \$48,000.00 in revenue sharing funds for a storage heating system, we felt it was necessary to have a study prepared with bidding specifications to insure getting value for the money invested in any improvements.

During this school year, the Supervisory Union has taken the first step toward computerization. Presently, most central office financial procedures are on disks.

This is the first year that both the school budget and school directors will be voted on at an election on May 15. The school budget will be prepared and distributed to the citizens prior to that time. Your vote on election day is very important to the students of this community, so please make your wishes known by casting your ballot.

We would like to take this opportunity to thank our dedicated staff and administration for their continuing efforts in implementing the many ongoing programs that contribute to the high quality of education that our students enjoy.

Respectfully submitted,

Joseph Merone, Chairman  
Ruth Fish, Clerk  
Norman Cohen

The Fire Department suffered a great loss this year with the death of Brian Justin. Brian, a dedicated fireman, had been with the department since its origin, and as a State Instructor, he spent countless hours for the good of his community. A true friend, Brian will be missed by all.

\* \* \* \* \*

I am proud to announce the arrival of our new Pumper/Tanker, a FORD 671 T Detroit diesel with a 1,000 booster tank, a 1,000 GPM pump and 10" Newton quick dump. This truck was designed and inspected by our own truck committee and will dump 1,000 gallons of water in 31 seconds. We plan a spring Open House to show off this new truck.

To my fellow firemen, officers, the Ladies' Auxiliary and Flint's Answering Service, THANK YOU all for the fine support and excellent job done. You have all helped to make my job much easier.

Our 50-50 Club raffle was a success, again thanks to the workers and Townspeople for supporting us.

Sincerely,

JOHN E. DRINWATER, Chief  
Rutland Town Fire Department

## RECREATION COMMISSIONER'S REPORT

A great deal of progress and record levels of participation marked the year 1983. The total spectrum of Recreational Activities serviced over 500 children and adults.

The Baseball Programs have developed a solid following. The Mitey-Mite portion of the program saw two teams emerge as champions. Cardinals won the season and Expos won the tournament. Little League provided the same level of excitement with three teams in contention for first place honors with one week left in the regular season. The Little League Tournament was decided in the third game of a best of three series. The Giants proved to be true champions winning both the regular season and tournament play. Our Senior Babe Ruth program experienced problems with a lack of participating towns. Our 13-year-old group merged with West Rutland. The 14-and 15-year-old group came close to being a tournament contender. Both of our girls' softball teams had impressive seasons. The Bravettes 1 Team posted a perfect record clearly dominating the league. They won the regular season, and for the second year in a row, took first place honors in the tournament.

Utilization of the pool facilities was beyond all expectations. The summer weather was extremely conducive for this type of recreational activity. Both sessions of swimming lessons were near capacity. The good weather allowed the pool to open for the Labor Day weekend. Our swimming and diving teams entered into a joint venture with the City participating in several meets as a single unit.

The Arts & Crafts program was well received at both Dewey Field and Northwood Park.

Construction of the two new ballfields at Northwood Park commenced during the summer. The completion of this project is expected within six months. The Tot-Lot playground at Northwood Park was completed during the summer. Both projects were possible due to 50% Federal, 30% State funding and 20% Town support. The Recreation Commission would like to extend to all Town Residents an invitation to view these facilities. We would also encourage the people in the Town to take advantage of the Recreational activities and facilities available in the Town.

In conclusion, we wish to express our deep appreciation to the Selectmen, Coaches, employees and, in particular, the taxpayers for their continuing support, for without these ingredients, there would be no Recreational activities.

## CHENEY HILL CEMETERY ASSOCIATION

### ANNUAL REPORT

The annual meeting of the Association was held with the following officers elected:

President ..... Sherwin L. Williams  
Vice President ..... Byron J. Hathaway  
Secretary ..... George J. Livak

The year 1983 saw the cemetery property well mowed and cared for by the Association. The Association also took care of the old cemetery in Center Rutland.

Approximately two-hundred (200) feet of new heavy chain-link fence was erected on the north side of the cemetery property. A row of sugar maple trees was planted on the north line of the cemetery. A marble plaque with the name of the cemetery was placed on the vault.

Twelve regular lots were sold in 1983; there were six burials in 1983.

Respectfully submitted,

Sherwin L. Williams  
Byron J. Hathaway

## RUTLAND REGIONAL COMMISSION ANNUAL REPORT

### "Local Governments Finding New Ways To Do More With Us"

The Rutland Regional Commission traditionally uses this space to tell you what we have done during the past year. This year, though, it is as important to let you know how your contributions will be used during the next year.

#### *Past Year's Efforts*

1. *Local Services:* The Regional Commission identified an expanded local services program as its top priority for 1983-1984. Assistance on Community Improvement Grant Applications, local plans, and zoning regulations were among some of our activities. Data, resources and training were provided to many towns, individuals and businesses. A detailed *Regional Profile* was printed which will be used by many organizations.

2. *Transportation:* Work began on the data gathering phase of the Transit Development Plan update which will identify low-cost ways of moving people around the county. The Commission — operating under the belief that "if it's not broken — don't fix it" — terminated the Rideshare Program and returned funds to the federal government; our study showed that ridesharing already works well — informally — and a formal system was not necessary. A planning study was begun to locate a potential corridor for a bypass southeast of Rutland City.

3. *Economic Development:* The Regional Commission continued to work with area development organizations. The Rutland Region Economic Indicator Series, providing useful information, was a year old during 1983.

4. *Solid Waste:* The Regional Commission continued to work with the Rutland County Solid Waste District on preparing for the construction of the resource recovery plant.

#### *Next Year's Program*

The Regional Commission's agenda for next year is to insure that your community deals effectively with the dramatic changes we all face: the reduction in federal financial support for local services; the reduced public support for increased taxes to pay for public services; the needs to replace roads, bridges, sewers, water systems; the decrease in household size but increase in number of households; the number of us in a family who work, the general age of the population, and where we are living. All affect the way we do — and the cost of doing — business, be it public or private.

To meet these changes the Rutland Regional Commission will continue to expand its local services program. We will be the "country store" for local government — where you can get your questions answered, find the information you want, get the training you need.

\*We will help improve service delivery to town governments through consideration of a circuit rider program to share services of people with training in road design, zoning administration, and local management.

\*We will provide more assistance for local planning through Project Planning Grants to develop information on local housing, economic development and public facility needs and other programs to identify local problems.

\*We will help develop non-traditional methods of financing services and programs such as cooperative purchasing, municipal mini-bonds and equipment sharing.

## RUTLAND REGIONAL COMMISSION (Cont.)

\*We will move to increase opportunities for training and information distribution such as Town Manager, Selectmen's roundtables, and more training programs.

\*We will work with you to get the federal and state governments to provide greater program flexibility so you can do your jobs more efficiently.

All our activities are based on the philosophy that it's cheaper to do it together; that local governments can find new ways to do more with us.

Please join us in these efforts in 1984.

Respectfully Submitted:

Mr. Richard Kopsack, Commission from Rutland Town, for all the Commissioners and staff of the Rutland Regional Commission.

## RUTLAND TOWN PLANNING COMMISSION REPORT

The development of lands in a logical and orderly basis is of paramount interest to every resident in our Town. One of the first steps in the orderly development came about in November of 1980 through approval of Subdivision Regulations by the voters. We now have a Town Plan, therefore the next logical step is the development of Zoning Regulations which are compatible with logical growth.

The Planning Commission has been meeting on a scheduled basis to develop a Zoning document that will insure logical and controlled growth within the community. That document is nearing completion at this time and will be presented to the Board of Selectmen for their review and comment in February 1984.

A considerable amount of time and effort is going into the preparation of the proposed Zoning Regulations and the Planning Commission welcomes your constructive comments and support.

A tentative schedule of hearings on the proposed Zoning Regulations will be announced in March 1984.

## **ANNUAL REPORT 1983**

To: The Board of Selectmen and Citizens of the Town of Rutland  
Home visiting and caring for people have been part of the VNA tradition for 37 years. Our health programs provide many needed services to your community. More and more people wish to stay at home during illness due to rising costs and a strong wish to be in their own familiar surroundings. We can help make that possible.

The direct services provided for your residents are as follows:

Unduplicated patients	37
	Visits
Skilled Nursing Care	619
Home Health Aide	185
Physical Therapy	101
Occupational Therapy	7
Speech Therapy	
Homemaker	52
Prenatal Couples	28
Clinic Patients	

We have continued to work closely with the hospital, nursing homes, State Public Health, Office on Aging, and all other health related organizations in order to provide quality coordinated care.

More and more demands are being put on our agency with the increased federal mandates that are encouraging home care versus institutionalization. As your Home Health Visiting Nurse Association, we will do our best to provide as many services to meet these needs within our financial constraints.

If you need our help, call 775-0568 in Rutland or the VNA office nearest you — Castleton 468-5668 or Brandon 247-3111. If you need health care at home, we are just a phone call away.

It is a pleasure to serve you and we look forward to another busy year.

Evelyn Doyle,  
Executive Director

# **REGIONAL AMBULANCE SERVICE, INC.**

Regional Ambulance Service, Inc., a non-profit organization, has been serving the 35,000 people in the eleven member towns for the past six months 24 hours a day both on an emergency and non-emergency basis.

Your ambulance service, through the monies donated by many of the citizens and businesses in the community, has become a reality. These donations have provided for a headquarters — garage building, four fully equipped ambulances, one of which is a four wheel drive vehicle, which assures dependable service under all weather and road conditions, and a full communications system.

The eleven towns contributions to the R.A.S. operations budget for 1984 is \$4.59 per capita. Each town is equal in their representation to the R.A.S. board of directors and each person is served equally regardless of their ability to pay.

Regional Ambulance Service exists for the good of the public.

Board of Directors

## **ALCOHOLISM INFORMATION AND REFERRAL CENTER, INC. 1983 ANNUAL REPORT**

The Alcoholism Information and Referral Center, Inc. has been bringing treatment services to citizens of the Rutland area for the past 13 years. Each year, at Town Meeting time, we present a funding request to each community in Rutland County to support these services.

This year A.I.R.C. is requesting an allocation of \$995.00 from the town of Rutland Town.

Please note that A.I.R.C. has not increased the amount of its request from last year. Our agency has been able to do this by containing operating costs without changing the high quality services A.I.R.C. brings to the people of Rutland County.

In the past year A.I.R.C. brought treatment services to 13 individuals. This represents 56 times town residents were seen by the A.I.R.C. treatment staff.

It is critical that we receive local support so that we may continue our work with the alcoholic and their families.

We would be happy to meet with you or any interested persons from your community to discuss our services and how best we can serve your community.

We are looking forward to a favorable response to our request from the citizens of Rutland Town.

Sincerely,  
Edward Seager, President  
Board of Directors

**ANNUAL REPORT  
THE BUS COMPANY, INC.  
MARBLE VALLEY REGIONAL TRANSIT DISTRICT**

The 1983 fiscal year for the Marble Valley Regional Transit District (THE BUS) can genuinely be called our best year yet! There have been so many major improvements, it is very difficult to decide which should be mentioned first.

The most significant event was the formation of the Regional Transit District in January of 1983. Following the favorable response of the voters in Rutland City, Rutland Town and the Town of Proctor, steps were taken to form the District. On January 11, 1983, the State Transportation Board approved our application to form the district. By March of 1983, the ground-work was complete to allow the district to take over The Bus Company, Inc. One of the first actions was to retain the name "THE BUS" as our trademark.

Probably the most noticed improvement was the arrival of the new busses. This occurred on September 17, 1983. We were able to place into service five brand new 21 passenger busses on all of the fixed routes and one six passenger/four wheelchair vehicle into special services.

In addition to the six new busses, the MVRTD also acquired three new 14 passenger vans to use in a variety of special and contract services.

With the arrival of the new equipment and the departure of the old junk equipment, the MVRTD is proud and pleased to have a substantially new fleet.

In the same vein, the MVRTD moved into its new maintenance and administrative facility. This facility is currently being rented, however, the MVRTD has received a federal grant to assist in the purchase and the upgrading of this facility.

Having this facility is a tremendous step forward for the MVRTD. In the past, the facility used for maintenance of the fleet has been rather lacking. With this new facility, we are able to implement our preventive maintenance program and, as a result, insure a long life out of our new fleet.

Along with the new equipment and facilities, some of the member communities have seen an improvement in their service.

There has been an increase in service to Castleton and Poultney by 30%; also, it should be noted, that ridership on the Castleton/Poultney route has increased.

The service to Proctor and Rutland Town has been increased by 33% and, again, the ridership has steadily increased.

The above mentioned increases in service also took into account the input of citizens of the various communities. This resulted in the trips being timed to best serve the communities needs.

The MVRTD . . . THE BUS . . . has taken its role in the Rutland County community very seriously and intends to continue to respond to the needs of the member communities. Some of our goals in the future will include the exploration of possible routes within the member communities to move their citizens around the community, not just to and from other communities, to explore contract service with private businesses to bring senior citizens to their stores for shopping trips, to establish a "RIDE & SHOP" service to promote the use of THE BUS when shopping and many other improvements to enhance riding THE BUS!

It is important, before closing this report, that credit be given where credit is due. There are many reasons why the MVRTD has had a great year;

**THE BUS COMPANY, INC. (Cont.)**

however, this year could not have been accomplished without the dedication of all of the employees and the support and loyalty of the citizens of our member communities.

Should anyone desire to see a more detailed annual report (ridership, revenues, etc.), please feel free to contact the MVRTD at 773-3244.

Respectfully submitted,

## **SOUTHWESTERN VERMONT AREA AGENCY ON AGING AND NUTRITION PROGRAM FOR THE ELDERLY**

The Southwestern Vermont Area Agency on Aging would like to request \$450 in funding support from Rutland Town for the coming year. This amount represents an increase of \$50 over the amount we received this past year. However, it is the first increase we have asked for since 1981 and only begins to pay for services that we provide for the benefit of elders in your community.

This agency appreciates the financial support provided by Rutland Town in the past. A look at our statistics from FY '83 for Rutland Town will give you an idea of our service impact on elders in your community. With your help, we provided meals to 17 persons over 60 who were homebound and in need of delivered meal support. Our congregate meal program, offered at nearby mealsites, served 28 Rutland Town elders. Additionally, 26 individuals 60 or over were assisted by our Senior Advocate staff. Advocates provided personal assistance aimed at helping elders in your community through the maze of public benefit assistance. Other services provided through the Area Agency included: 1) Long Term Care Ombudsman who assisted persons with concerns related to Nursing or Community Care Homes; 2) The Legal Service Attorney for the Elderly who worked through Vermont Legal Aid, but was available to provide legal assistance to persons 60 and over; 3) Funding support for Preventive Health Clinics offered on a monthly basis at the mealsites. We project that we will spend \$10,200 during our current fiscal year to continue these service supports for Rutland Town elders. Although we do receive federal support to help provide our services, we are required to seek local monies from our area to meet our match requirement for those monies. That is why we need to ask for funding from your community.

Again, we appreciate the past support from Rutland Town and look forward to an indication of continued support through the approval of this funding request.

Sincerely,  
Diane Novak  
Social Service Director

# **VERMONT DEPARTMENT OF HEALTH Annual Report to the Citizens of Rutland Town**

The mission of the Vermont Department of Health is the prevention of illness and the control or elimination of hazards dangerous to the health of the public. In working toward this goal, the Health Department has provided, or assured the provision of health services to communities across the state. Direct services are provided through 11 district field offices. During 1983, citizens of Rutland Town received the following services from the district office in Rutland:

- 12 pregnant women, new mothers, and children received supplemental foods, health and nutrition services through the WIC program.

- 1 child or young adult received medical evaluation of individual health and dental status through the Early Periodic Screening, Diagnosis and Treatment program.

- 31 persons received assessment, information, and counselling through the Maternal and Child Health program and/or information and teaching of parenting roles through prenatal classes and home visiting services.

Diagnosis and treatment services for orthopedic, hearing, cardiac, genetic, developmental disorders, and other handicapping conditions were provided to 1 child through the Handicapped Children's program and/or the Child Development Clinic in Burlington.

The Public Health Laboratory in Burlington assists in the prevention and control of illness by identifying chemicals and microorganisms in a variety of substances. During 1983, the following laboratory services were provided to residents of Rutland Town:

- 11 blood tests to identify women needing immunization against German Measles (Rubella) to prevent birth defects,

- 23 other diagnostic blood tests,

- 170 tests of individual and municipal water systems to monitor drinking water quality.

The Dental Division provides services to local communities including installing and maintaining fluoridation equipment in selected community and school water systems, paying for dental treatment of eligible children, and providing dental health education in the schools.

Statewide, the Health Department provided the following services to Vermonters:

- 67,952 doses of vaccine were administered in Health Department clinics to prevent polio, measles, other childhood diseases, and influenza. 190,277 doses were supplied to private physicians.

- 16 hospitals and 46 nursing homes were inspected and licensed.

- 5,583 food or lodging inspections were conducted.

- 941 reports of communicable diseases were investigated.

- 390 gonorrhea cases were interviewed and 445 contacts were traced by Epidemiology field investigators.

- 125 x-ray machines in hospitals, doctors' and dentists' offices were inspected.

- 50 VOSHA regulatory inspections and 100 voluntary consultative inspections of Vermont industries were conducted.

- The Tooth Fairy program provided financial assistance for the dental care of 8,313 children; the Denticaid program provided assistance for 12,397 children.

- 1,971 persons received screening for early detection of lung diseases through the Barre, Rutland and other Health Department chest clinics.

- 6,427 breath and blood alcohol samples were processed by the Laboratory. 13,743 bacteriological and viral cultures were tested.

- The Emergency Medical Services program provided support and technical assistance to the state's 82 ambulance services, 39 first

responder squads and 16 hospital emergency departments. 702 Emergency Medical Technicians were trained or recertified, and 783 certifications were issued in advanced life support skills.

The Office of the Chief Medical Examiner investigated 702 Vermont deaths, including 193 accidents, 14 homicides, and 88 suicides.

Many services are also provided at the local level by your Town Health Officer, J. Barry Burke. Please feel free to call him if you need any assistance. The Health Department provides technical assistance and support to local health officers.

We encourage your participation in our programs. Information about all Health Department services may be obtained by calling our toll-free number 1-800-642-3323, or the Rutland district office at 773-5811.

Commissioner of Health

# **RUTLAND COUNTY RETIRED SENIOR VOLUNTEER PROGRAM**

The purpose of the Rutland County Retired Senior Volunteer Program (RSVP) is to place people over 60 in volunteer work with local non-profit, community and human service organizations. Rutland County RSVP has over 260 volunteers ranging in age from 60 to 87, who last year gave over 50,000 hours to over 50 organizations. RSVP Staff provides on-going support and follow-up with each volunteer and organization we serve to insure satisfaction.

There are 7 RSVP volunteers who live in Rutland Town. Last year these volunteers gave over 1371 hours to the following organizations which serve and/or are located in Rutland Town: Rutland Community Correctional Center; Guardian-ad-Litem Program; Rutland Town Elementary School; Beverly Manor Nursing Home; Rutland Well Child Clinic; RSVP Service Group; RSVP Homebound Program; St. Peter's Meal Site for the Elderly; Eden Park Nursing Home.

We thank the residents of Rutland Town for their past support and look forward to another year of service to your community. Your thoughtful consideration of our request of \$350.00 for support of the services RSVP provides is greatly appreciated.

Sincerely,  
Donna E. Jerry,  
Director

**UVM EXTENSION SERVICE — RUTLAND COUNTY**  
**Rutland Town Office Bldg.**  
**Rte. 4, Center Rutland**  
**P.O. Box 489, Rutland, VT 05701**

The UVM Extension Service is a combined effort of the University of Vermont and the U.S. Department of Agriculture to bring educational programs to the people of Rutland County. The areas in which programs are conducted are agriculture and related areas such as home grounds, home economics and nutrition, youth, resource and small business development and energy conservation. Energy outreach advisors are available to conduct energy audits on homes in Rutland County providing information on energy conservation measures for homeowners.

**Funding:**

Funds for the UVM Extension Service come from three sources. Federal, 38%; State, 48.9%, and from towns, 13.1%. Town funding is based on the town Grand List as compared to the County Grand List. State statutes are the basis for town contributions.

**Extension Service Advisory Board:**

A board comprised of 15 people from Rutland County advises the Extension agents on programs to be carried out. Members are elected at the UVM Extension Service annual meeting held in April. The annual meeting notice is published in the Rutland Herald two weeks in advance and is open to the public. Current members of the board are:

Byron R. Hathaway and Mrs. Sharon Crowley, Rutland Town; Miss Deva Bolgioni and Roy Rotella, Rutland City; Mrs. Dawn Clark and Edgar Cleveland, Pawlet; Mrs. Ardith Fenton, Middletown Springs; Gilbert C. Giddings, Brandon; N. Kim Harvey, Florence; Mrs. Diane Heleba, West Rutland; Mrs. Bonnie Kelleway and Joseph A. Manning, Proctor; James Richards, Fair Haven; Miles Richards, Mt. Holly; and Mrs. Anne Stewart, Wallingford.

**Rutland County Extension Service Staff:**

**County Agents:**

David P. Newton — Agriculture; Margaret R. Andrews — Home Economics; Linda D. Aines — Resource and Small Business Development (Rutland & Bennington); Betty Durkin — 4-H Expansion Assistant; Marie Bingham — Nutrition Aide; Carole Berger and Debra Christiana — Energy Outreach Advisors; Valeria Nagy — Admin. Ass't.; Sylvia Chapin and Laura Rotella — Secretaries.

Extension Service programs are available to everyone regardless of race, color, national origin, sex, or religion. For more detailed information call or write UVM Extension Service or contact a member of the Advisory Board. As a resident of Rutland County, Extension Service information is available to you.

**THE VERMONT CENTER FOR INDEPENDENT LIVING'S**  
**1983 ANNUAL REPORT TO VERMONT TOWNS**

The Vermont Center for Independent Living is a private, non-profit organization which works to assist disabled Vermonters in increasing their independence. We work throughout the state with disabled individuals, their families and friends, other organizations and agencies, and the general public to reach this goal.

VCIL was founded in 1979 by a group of Vermont's most active disabled citizens. Our Center is managed and staffed primarily by persons who have disabilities — people who understand this unique experience first-hand. Our organization demonstrates that disabled people are best able to speak for themselves and make the decisions which affect their lives. Through providing people with information, helping them to learn to problem-solve, set goals and develop new skills, and through assisting them in expressing their needs and concerns effectively, we help disabled people develop self sufficiency and independence.

VCIL has made major strides in the past year. As a result of needs articulated by people participating in our Peer Advocacy Counseling, Information and Referral, Community Advocacy, Client Assistance and Adaptive Equipment Programs, VCIL has just begun two new projects: a Housing Modification Project, which will provide information on accessible housing and will work to increase available funding for accessibility renovations, and an Information Compilation Project, which will catalog and analyze all services used by disabled Vermonters. Both projects are funded by the Vermont Developmental Disabilities Council of the Vermont Agency of Human Services.

An external evaluation on VCIL's impact and effectiveness was done by the Center for Resource Management of Kingston, New Hampshire. The resulting 75 page study not only validated VCIL's methods of program operations and organizational effectiveness but also demonstrated the tremendous positive impact that VCIL has had on disabled citizens, Vermont policy makers and service agencies in the past 3½ years.

VCIL began publishing its regular newsletter, *AccessAbility*. This newsletter is sent to disabled Vermonters, human service providers, legislators, town clerks, and other interested individuals to tell them about issues affecting disabled people, the efforts going on to increase the strength, dignity and independence of this group and the work of the Vermont Center for Independent Living.

During the past year, VCIL has provided support to over 1,083 disabled citizens. This support has occurred through long and short term, one-to-one peer counseling, the provision of information in all disability related areas and referrals to needed services through our Information and Referral System, and Community Advocacy's work with local disability groups to help them increase the awareness of their friends and neighbors and make their towns more accessible. Through our Adaptive Equipment Project, not only have we let people know about equipment that will help them to live more independently but have also worked with state agencies and policy makers to improve the cost effectiveness and efficiency of the equipment purchases these agencies make for their clients. Our Client Assistance Project has helped clients of the Vocational Rehabilitation System (the main provider of employment-related training and services) secure better and more effective services. Finally, VCIL's Nursing Home Project is just completing a study which hopefully will result in greater possibilities for those

### VT. CENTER FOR INDEPENDENT LIVING (Cont.)

disabled Vermonters who live in Vermont nursing homes.

Some of VCIL's programs may have worked directly with disabled people who live in your town. A resident may have met with a Peer Advocate Counselor or called our Information and Referral System to find out specific information or what other organization they should call for help with a particular problem, or maybe they are working with Vocational Rehabilitation and wanted our Client Assistance Project to help them work more effectively with their VR Counselor. Or maybe there is a disabled person in your community who is involved with a local disabled advocacy group who receives support from VCIL. There are many ways that a disabled person may receive direct assistance from the Vermont Center for Independent Living; these are but a few.

According to latest figures, approximately 12% of Vermont's population are people who have disabilities. In one way or another, all disabled citizens, their families, and friends receive indirect support from the work of VCIL. More than any other organization in the state, VCIL has had a tremendous impact on the ways in which policy makers more positively and respectfully approach the issue of disability. Through our discussions with the Vermont Agency of Human Services, the Division of Vocational Rehabilitation, the administrators of Vermont's nursing homes, personnel of major hospitals, community development agencies, legislators, and various other boards and agencies, VCIL has helped to improve both the understanding of disability issues and the accessibility of programs and resources needed by the disabled. During the past year we have just produced the first comprehensive report on housing for Vermont's disabled. This report is being utilized as a basis for housing advocacy activities throughout the state. Our Adaptive Equipment Project has been instrumental in creating ways that Vermont state agencies can be more responsive to the equipment needs of disabled Vermonters. Community Advocacy's research on employment for disabled Vermonters resulted in discussions with some of Vermont's major corporate employers on employment concerns of disabled Vermonters. This research will hopefully lead to increased employment opportunities for this group. These are but a few of the general effects that VCIL's work has had.

VCIL has provided direct services to 17 people in your town. We hope to be able to increase this level of service in the future.

The existence of VCIL is important to disabled Vermonters. As you can see, we offer a wide variety of services to disabled Vermonters, their friends and their families. The work we do not only helps create concrete changes in the lives of disabled Vermonters but also on a more fundamental level changes the attitudes and awareness of both policy makers and the public at large. Through the support of VCIL, disabled people are afforded a host of resources to help them increase their strength, dignity and independence.
